Innovative technology

THE POWERFULL SWISS AUTOMATIC LATHE MANURHIN K'MX 732 EVO ON EMO 2019 IN HANNOVER!

We are not exhibiting on EMO 2019 as TAJMAC-ZPS. We do not have a stand there but our TAJMAC GROUP member Cucchi (bar loader) from Italy is exhibiting there.

One of their bar loaders will be connected to MANURHIN K'MX 732 EVO, our strongest machines with lot of unique parametres. See the animation through the links below.

If you are user or fan of swiss machines, I strongly recommend the visit of Cucchi stand on EMO in Hannover to see it face to face. Impression from EVO is very strong for every customer with experience with swiss machines. So it might be an excellent opportunity.
